

Cash Pool Objective: The goal of the Cash Pool is capital preservation with a secondary objective of current income. The pool utilizes an SEC-registered money market fund and also invests in FDIC insured CD's at local community banks through the CDAR's Program. Expected annual fees are estimated to range from 0.10% to 0.20% per year.

Short-Term Pool Objective: The goal of the Short-Term Pool is to provide current income consistent with short-term fixed income investments with a secondary objective of capital preservation. The pool utilizes a combination of active and passive fixed income investment managers. Expected annual fees are estimated to range from 0.50% to 0.70% per year.

Intermediate-Term Pool Objective: The Intermediate-Term Pool is structured to prioritize intermediate-term growth over capital preservation. The pool is a diversified portfolio composed of global stocks and bonds, including real estate (REITs), and natural resource. The fund utilizes a combination of active and passive investment managers. Expected annual fees are estimated to range from 0.50% to 0.70% per year.

Long-Term Core Diversified Pool Objective: The Long-Term Core Diversified Pool is structured to prioritize long-term growth over capital preservation. The pool is a diversified portfolio composed of global stocks and bonds, including real estate (REITs), natural resources, and alternatives, including hedge funds and private equity. The fund utilizes a combination of active and passive investment managers. Expected annual fees are estimated to range from 0.60% to 0.80% per year.

Long-Term Environmental, Social, Governance (ESG) - Impact Pool Objective: The Environmental, Social, Governance (ESG) – Impact Pool is based on a belief in community, equity and sustainable business, and its assets mirror the core values of EBCF and many of our donors. The composition of this diversified portfolio is similar to our current Long Term Pool composed of stock, bonds and money market. Expected annual fees are estimated to be 0.60% per year.

The Short-Term Pool did not exist prior to November 2009. For prior periods, performance is simulated based on the performance of the underlying investment managers (47.5% PIMCO Low Duration Inst., 47.5% Vanguard Short-Term Bond Index and 5% Citi 3-Month Treasury Bill Index). **Short-Term Bonds** is based on the composite benchmark Barclays 1-3 Year Government Bond Index. **Global Stocks** is based on the composite benchmark MSCI All Country World Index (ACWI), a market capitalization weighted index of the global equity market, with approximately 45% in Developed North America (U.S. and Canada), 38% in non-US Developed Markets (UK, Western Continental Europe, Japan, Singapore, New Zealand and Australia) and 12% in Emerging Markets as of December 2009. **Citi WGBI** is a widely used benchmark that currently comprises sovereign debt from over 20 countries, denominated in a variety of currencies. **US Bonds** is based on the composite benchmark Barclays Capital U.S. Aggregate Bond Index, an issue-weighted, investment grade index of U.S. bonds. Upon consultation with our advisor, East Bay Community Foundation finds the use of AWCI represents the most consistent treatment of the portfolios fluctuating equity investment allocations in all years of this comparison.

The ESG Pool did not exist prior to June 2014. For prior period's, performance is simulated based on the performance of the underlying investment managers (16% ClearBridge Large Cap Growth, 11% ClearBridge Multi Cap Growth, 11% ClearBridge All Value, 15% ClearBridge International and 33% ClearBridge Taxable Fixed Income).

This information is subject to change and, while we believe this information to be reliable, East Bay Community Foundation bears no responsibility whatsoever for any errors or omissions. Past performance is not a guide to the future performance of any manager or strategy, and that the performance results and historical information provided displayed herein may have been adversely or favorably impacted by events and economic conditions that will not prevail in the future. Therefore, caution must be used in inferring that these results are indicative of the future performance of any strategy, fund, manager or group of managers.

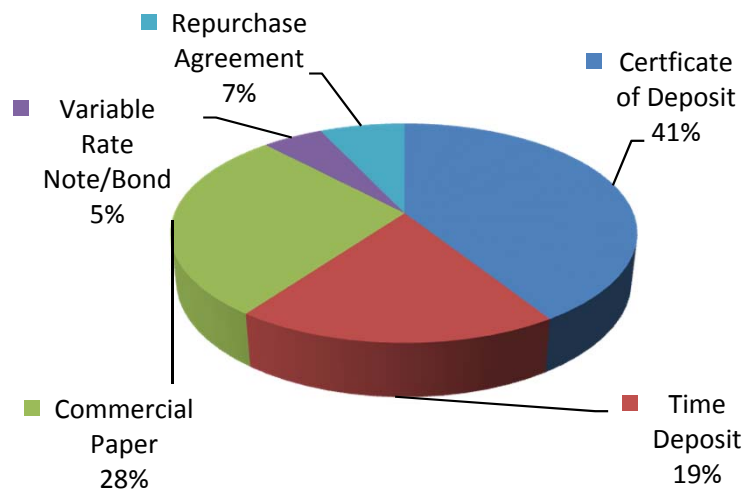

Fund Objective: The goal of the Cash Pool is capital preservation with a secondary objective of current income. This pool is appropriate for fund holders with a grantmaking horizon of less than one year and average annual spending rate of greater than 33% of their fund balance per year.

The pool utilizes a registered money market fund (NPAXX) and also invests in FDIC insured CD's in various Community Banks. Currently 12.6% of the funds assets are invested in the CDAR's program. Expected annual fees are estimated to range from 0.10% to 0.20% per year.

LONG TERM ESG - IMPACT POOL

September 30, 2018

Fund Objective: The goal of the ESG - Impact Pool is capital appreciation and is appropriate for Fund Holders with a grantmaking horizon greater than 7 years and annual spending less than 10%.

ESG – Impact mirrors the core values of the East Bay Community Foundation and many of our donors. Beyond direct impact investing, ESG - Impact enables you to take an active role in influencing the behavior of public companies, including their impact on the environment, adoption of sustainable business practices, contribution to local communities, and promotion of diversity and gender equality in the workplace, to name just a few. Expected annual fees are 0.60% per year.
